

## GREENVILLE COMPREHENSIVE PLAN TO BE UPDATED

The Town of Greenville Comprehensive Plan Committee is updating the Town's 2020 plan and needs input and guidance from the members of the community. A Comprehensive Plan is a long-range planning document that guides development and growth for the community over the coming decades. It also forms the basis for updates to land use regulations and capital improvement planning and affects the Planning and Zoning Board decision-making processes.

Your input is extremely important to help provide direction for the future of the Town and the success of the Comprehensive Plan. The 27-question survey offers members of the community an important opportunity to voice their opinions on shaping the vision and goals for the Town going forward, leading to a prioritized list of recommended actions.

Thank you for your participation!

You can return your survey by mail, to a drop box at Town Hall or take the survey on-line at <https://www.surveymonkey.com/r/VFJS9ZM> by September 30, 2020 .
