March 23, 2020

Dear Friends and Neighbors,

As we are a couple weeks into managing the effects of the COVID-19 virus on our community and around the country- we hope that you are staying safe, following the CDC guidelines and understanding the necessity to stay home to slow the spread. As of today March 23rd, we have 411 confirmed positive cases in Orange County, some which are right here in our town. Please continue to exercise caution when having to be out in public, practice healthy hygiene and cleanliness always.

I want to remind our community members to stay strong and that we are all in this together. Thank you to Steve Neuhaus and our county leaders who are constantly providing us with the most up-to-date information and making resources available. Keeping in mind the new guidelines set forth by New York state, all non-essential workers are directed to work from home and keep a 6 foot distance from others in public. Local restaurants are still open for takeout and delivery as well as food stores and pharmacies that remain open for essential daily living needs.

During these times, please don't hesitate to reach out with any questions, concerns or if you are in need of help on any level. If you are in need of groceries, medicines or are a family who could benefit from extra resources, please contact us. We have a lot of support for one another and as neighbors, we are all here to get through this together. We have several people looking to help out- whether that means grocery shopping for our older community members, delivering lunches to kids home from school or bringing meals to any of our families who could use the extra help, we are here and ready to pitch in. Please email me at supervisor@greenvilleny.org or call my direct line (845) 856-6333 and leave a message. And also, let's not forget our health care workers and first responders-your effort and bravery is beyond imaginable and forever appreciated.

Best Regards,

A handwritten signature in black ink, appearing to read "D. Zubikowski".
